ORDER:

In the letters read above, the Chief Engineer (R&B) CRN & MD, APRDC, Hyderabad., has stated that Gudur - Rajampet road is an important SH. Farmers transport their agricultural produces to near market yards through this road. They are being subjected to great inconvenience as the condition of single lane carriageway from Km 13/800 to Km 30/000 is bad with a number of pot holes and broken edges. Therefore he has proposed to widen and strengthen the existing carriageway to bring the Road to traffic worthy condition and to cater to the needs of present vehicular traffic.

2. He has also stated that as per IRC: 64-1990, the road shall be widened to two lanes once the traffic volume crosses 6000 PCUs per day. As per the traffic census 2012, the traffic volume on the road is 5232 PCUs. Traffic is projected to reach 6046 PCUs by 2014 taking an average traffic growth rate of 7.5% per annum and hence warrants two-laning of the road. There is no necessity for any land acquisition and shifting of utilities on the subject work.

3. The Chief Engineer (R&B) CRN & MD, APRDC, Hyderabad., has requested the Government to accord administrative sanction for the work of Widening and Strengthening of Gudur-Rajampet Road from Km.13/8 to 30/0, in SPSR Nellore District, for an amount of Rs.15.00 Crores, under Corenet Plan.
